CI / CD	Proficient

EDUCATION

B.Sc. Computer Science
State University · 2014–2018

SUMMARY

Senior engineer with eight years building cross-platform applications and developer tooling. Comfortable owning a feature end to end — from API design through UI polish and release — with a track record of shipping reliable, well-tested software.

EXPERIENCE

Senior Software Engineer 2021 – present
[Contoso Ltd.](#)

- Led a small team building a multiplatform document-export pipeline.
- Cut export time by 60% by replacing a bitmap renderer with a vector engine.
- Mentored three junior engineers and ran the team's code-review practice.

Software Engineer 2018 – 2021
[Northwind Traders](#)

- Shipped the company's first mobile client across iOS and Android.
- Introduced automated UI testing, reducing release regressions markedly.

Junior Developer 2016 – 2018
[Fabrikam, Inc.](#)

- Maintained internal web tools and migrated legacy reports to a new stack.
